

CURRICULUM VITAE

JAMES MICHAEL WOOD

University Address: Department of Psychology
University of Texas at El Paso
El Paso TX 79968

Office Phone: (915)747-6570

Cell Phone: (214)563-1616

Fax: (915)747-6553

E-Mail: jawood@utep.edu

EDUCATION

2007 University of Texas at El Paso
M.S. in Statistics

1990 University of Arizona. Tucson, AZ
Ph.D. in Clinical Psychology
Minor in Statistics and Methodology

1988 University of Arizona. Tucson, AZ
M. A. in Clinical Psychology

1984 University of New Mexico. Albuquerque, NM
M. A. in Counseling

1979 Yale Divinity School. New Haven, CT
Master of Divinity

1973 Harvard University. Cambridge, MA
B. A. Magna Cum Laude

STATEMENT OF CURRENT RESEARCH INTERESTS

Factors influencing suggestibility of child and adult witnesses. Forensic interviewing of children.

Police, military, and intelligence interviews and interrogations: rapport building, use of interpreters.

Actuarial prediction of violence, criminal recidivism, employment problems related to mental and behavioral health. Improvement of quantitative methods in clinical psychology.

RESEARCH EXPERIENCE

Professor, Department of Psychology September, 2005 -- Present

University of Texas at El Paso, El Paso, TX
Research on forensic interviews & interrogations.
Application of quantitative methods and curve fitting
in assessment, imaging, and EEG.

Statistics Intern, Gulf War Project May, 2005 -- August, 2005

University of Texas Southwestern Medical School, Dallas, TX
Analysis of SPECT data from veterans with Gulf War Syndrome
using SPM2 and other software
Supervisor: Robert Haley, M.D.

Associate Professor, Department of Psychology, August, 1998 -- August, 2005

University of Texas at El Paso, El Paso, TX.
Research on forensic interviewing, interrogative suggestibility,
and applied decision making in child abuse cases.

Assistant Professor, Department of Psychology, August, 1993 -- August, 1998

University of Texas at El Paso, El Paso, TX.
Research on forensic interviewing, interrogative suggestibility,
and applied decision making in child abuse cases.

Visiting Assistant Professor, Department of Psychology August, 1991 -- July, 1993

University of Arizona, Tucson, AZ.
Research on statistics, professional decision-making.

Senior Research Specialist, Department of Psychology, August, 1991 -- April, 1992

University of Arizona, Tucson, AZ.
Half-time position.
Research on quality of life among mental health patients.
Supervisor: Lee Sechrest, Ph.D.

Assistant Professor, Department of Psychology, August, 1990 -- May, 1991

University of North Texas, Denton, TX.
Full-time tenure-track position.
Research on cognition and aging, sleep disorders.

RESEARCH EXPERIENCE (continued)

- Statistical Consultant, Neonatal Intensive Care Study Unit, 1989 -- 1990
University of Arizona Health Sciences Center, Tucson, AZ.
Analyzed data and helped design instruments to measure attitudes of neonatal intensive care unit personnel.
- Member, Evaluation Group for the Analysis of Data, 1987 -- 1993
University of Arizona, Tucson, AZ.
*Provided statistical and methodological consultation for research projects and grants in behavioral and health sciences.
Chair: Lee Sechrest, Ph.D. Professor of Psychology.*
- Research Assistant, Department of Psychology, University of Arizona. 1988 -- 1989
*Research on nightmares, sleep disorders, and cognitive processes during sleep.
Supervisor: Richard R. Bootzin, Ph.D., Professor of Psychology.*
- Research Assistant, Department of Psychology, University of Arizona. 1987 -- 1988
*Research on hypnosis and cognition.
Supervisor: John Kihlstrom, Ph.D., Professor of Psychology.*
- Statistician and Planner, Maternal and Infant Health Bureau, 1982 -- 1984
New Mexico Department of Health, Santa Fe, New Mexico.
Research on infant mortality and maternal deaths.

PROFICIENCY IN STATISTICAL, MATHEMATICAL, & IMAGING PROCEDURES

Experienced in use of SPM-2 for analysis of SPECT and fMRI images.

Proficient in SAS, SPSS, Matlab, S-Plus, and R.

Proficient and experienced in Mathematical Statistics, Multiple Regression, Logistic Regression, Exploratory Factor Analysis, Confirmatory Factor Analysis and Structural Equations Modeling, Analysis of Variance, Nonparametric Statistics, Reliability and Validity of Measures

TEACHING EXPERIENCE

Courses taught at undergraduate level:

Introductory Statistics
Abnormal Psychology

Courses taught at graduate level:

Multivariate Statistics
Psychometrics
Methods of Field Research
Seminar in Psychopathology
Seminar in Personality Assessment
Theories and Methods of Psychotherapy

SUPERVISION OF DISSERTATIONS AND THESES

Chair of Ph.D. Dissertation Committee:

Jorge Ramirez (completed, 2000). Prediction of psychiatric rehospitalization among a predominantly Hispanic population receiving services at a community mental health center. Doctoral dissertation. Department of Psychology. University of Texas at El Paso.

Debra Corey (completed, 2000). The effect of co-witness information on witnesses' memory reports in investigative interviews. Doctoral dissertation. Department of Psychology. University of Texas at El Paso.

James Billings (completed, 2004). Psychopathy and the ability to deceive. Doctoral dissertation. Department of Psychology. University of Texas at El Paso.

Nicole Pruss (completed, 2008). The effects of using a structured or unstructured interview in forensic interviews with interpreters. Doctoral dissertation. Department of Psychology. University of Texas at El Paso.

Member of Ph.D. Dissertation Committee:

James Schutte (completed, 1996). Factors affecting juror decisions in a case of alleged ritual abuse. Doctoral dissertation. Department of Psychology. University of Texas at El Paso.

Kimberley McClure (completed, 1998). Effects of rehearsal on eyewitness identification. Doctoral dissertation. Department of Psychology. University of Texas at El Paso.

V. Anne Tubb (completed, Fall 2001). The factor structure and psychometric properties of the Psychopathy Checklist -- Revised : Data From an Hispanic Federal-Inmate Sample. Doctoral dissertation. Department of Psychology. University of Texas at El Paso.

Julie A. Penley (completed, Fall 2001). Psychometric Properties of the Spanish Beck Depression Inventory-II in a Medical and a Student Sample. Doctoral dissertation. Department of Psychology. University of Texas at El Paso.

Catherine Camilletti (proposal defended). Social Understanding and the Effect of Social Pressure on Children's Suggestibility

Chair of M. A. Thesis Committee

Kirk Rowe (completed, 1992). Time estimation and time calibration and their relationship to prospective memory. Masters thesis. University of North Texas.

Christina Rowe (completed, 1992). Prospective memory and college students: Validation of the Wood Prospective Memory Test. Masters thesis. University of North Texas.

Michelle Emick (completed, 1992). A measure of prospective memory in the elderly. Masters thesis. University of North Texas.

April Bradley (completed, 1995; published, 1996) How do children tell? The disclosure process in child sexual abuse. Masters thesis. University of Texas at El Paso
